## **Paradise on the other side of the world**

It's a travel on the other side of the world - but well worth the trip! High mountains and rolling hills, glaciers, fjords, volcanoes, geysers and subtropical rain forests: New Zealand is Planet Earth in microcosm. "The land of the long white cloud" beckons with its legendary natural splendor, agreeable cities and its denizens' hearty hospitality. Special reports cover topics like wine, film locations, bungee jumping, and Maori culture.
